

Dear Parents or Guardians,

The Grade 2/3 students will be involved in a Book Bag program again this year. Inside this cloth bag you will find a book that your child has chosen to read. They have selected their own book from the leveled books in the classroom. They would like to share their book with you. Please take time to listen to your child read, and when you are finished reading, record the book on the tracking sheet, and have your child return the book to their backpack.

I have also enclosed some information on how you can help your child use the reading strategies we are teaching at school.

The reading program should not take long in the evenings, but rather be an opportunity to read for pleasure and enjoyment. Praise your child whenever possible.

The Book Bags will be coming home nightly, Monday to Thursday. Please return the books each morning so that they can be exchanged for a new book.

Thank you for your support.

Miss Tuttle
