

# S.K. APRIL NEWS

Please return  
**Scholastic Book  
Orders by this  
Friday, April 4th.**

This month we are enjoying activities related to **Spring** and "**Taking Care of Our Earth**". In mathematics we will be completing a unit on **Number Sense** and then commencing **Measurement** activities. We are continuing to work on the proper formation of letters and numerals using the "**Handwriting Without Tears**" program. This week we started our second journal and the children are being encouraged to include more details in their writing. They are making wonderful progress! Watch for upcoming information on "**Lunch With An Author**", when you will be invited to visit so that we can share some of our writing with you! Thank you for your support! Mrs. Quibell

Please be sure to send your child in **rubber boots** and **splash pants** for the next few weeks as the playground is wet and muddy! An extra set of pants and socks in his/her backpack is also a good idea!

Thank you for taking the time to read with your child. Book bags should be returned **every Tuesday and Friday**. This extra practice is truly beneficial and your support is appreciated.

Please see our April calendar for the new Show and Tell procedure. This week students whose last names begin from A-H may bring one item to show, either on Tuesday or on Thursday (signs of spring, something they created, a book, something powered by wind/air).
