

## March News from Senior Kindergarten

Dear Parents,

Mrs. Woods and I have been busy setting up and preparing to teach the children at Robert Moore School this week. Thankfully I was able to retrieve important items from our classroom, which I am happy to report received minimal damage. I have all of the children's shoes, journals, assessments, etc.

Here at Robert Moore, we will be sharing two classrooms with Mrs. Wood's class. One classroom will be used for Learning Centre time and the other for whole group activities (circle time, writing, read-alouds, etc.). Our classes will alternate between the two rooms. We are grateful to the staff at Robert Moore School for sharing their facilities and resources with us. You will be notified as soon as we have further news regarding our return to J.W. Walker.

Please see the March calendar for the activities I have planned for this month. This Thursday I would welcome a volunteer in the morning to help cut up fruit for our "Friendship Salad". Please remember to send a piece of fruit on Thursday (apple, orange, banana, grapes, strawberries, watermelon).

Please continue to send your child's Ziploc communication bag and book bag, as usual. Do not hesitate to call me at Robert Moore or at home (482-1086) if you have any questions or concerns.

The staff and administration have been working diligently to ensure that this transition goes as smoothly as possible. Your support and patience during this difficult time is very much appreciated.

Sincerely,  
Mrs. Dorothy Quibell
