

# *Making a Difference Together!*

## *At J. W. Walker School we believe that:*

- all students can achieve to their potential.
- all members of the school community must feel safe, respected and included.
- leaders in our school are essential to ensure an effective learning environment.
- student achievement is optimized when teaching addresses the learner's developmental level and learning style.
- a variety of on-going assessments should be used to measure student achievement and to guide instruction.
- staff, parents and community partners must feel that their collaboration towards student achievement is valued and recognized.
- an open and positive partnership between home and school supports student achievement.
- all members of the school community share the responsibility of student achievement and success.
